

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER MONITORING REQUIREMENTS NOT MET FOR

LINCOLN PSD- Lower Mud River, WV3302208

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 1/1/2019 and 12/31/2019, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

Required Monitoring	Compliance Period
27, MONITORING, ROUTINE (DBP), MAJOR Failure to monitor for Haloacetic Acids (HAA5's)	1/1/2019 to 12/31/2019

What happened? What is being done? (Describe corrective action)

This is not an indication the water was not safe only that
the water samples were not collected in a timely manner

and are now being collected according to the time frame

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
Monitoring Reporting Requirements Not Met for
Lincoln PSD WV3302205

Our water system violated drinking water monitoring requirements. Even though these were not emergencies, you, as our customers, have a right to know what happened and what we did to correct the situation.

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During periods listed in the table below, we did not monitor or test as required and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

At this time, there is nothing you need to do.

The table below lists the monitoring we did not conduct, other violations, and the associated compliance period.
